

Dear FCC,

I just thought you should know that the FM radio station, K-Love 99.1 is very important to our local community.

Every day they have a community calendar that lets the public know of free local events that K-Love listeners would be interested in going to.

If K-Love were to be displaced by an LPFM station, many community events would loose out on a free outlet to get people to come to them and to be involved in them, i.e. clothing drives, food drives, etc.

I believe the service provided by K-Love is in the public interest because they have good clean music and talk, they have a free community calendar for events, and they let the community know about needs of local charities (the Denver Rescue Mission), they also help the Denver Rescue Mission raise funds every year.

K-Love is a very important part of our community. Please don't take it away.

Respectfully,
Nancy Gorham
